SADS UK is delighted to welcome Key Speaker Dr Amanda Varnava, Consultant Cardiologist at St Mary's Hospital to the stage where she will give a short talk about her work as a cardiologist. Together with talks from Ken Ali from the Royal Brompton and Harefield Trust, who works in Electrophysiology and lectures about devices at Middlesex University; patient Dalia Bukhari; a cardiac rehab nurse and Lifecoach and lifesaver David Edmonds; Dr Varnava will also sit on the panel to answer questions from cardiac arrest survivors and their families.
