

*"How do we treat people who suffer a sudden cardiac arrest? How can we help when sudden cardiac arrest strikes in the community? What does it feel like to take lifesaving action when you witness a cardiac arrest? How does it feel to survive cardiac arrest? How do individuals and families cope? What support is there? How does the increase in the number of cardiac arrest survivors impact on the health service?"*

Saturday 18th November, 9:30am–5pm. Cost £10 for individuals, £15 for couples and £20 for families
