

This section of our website describes the various governing bodies that can implement change and help prevent SADS. SADS UK works with these organisations/departments to help bring about change and was instrumental in bringing about important Department of Health Policy [NSF Chapter 8 Arrhythmias and Sudden Cardiac Death](#)

Parliament:

Parliament is the highest legislative authority in the UK. It has responsibility for checking the work of government and examining, debating and approving new laws. It is also known as the Legislature. please see our own section for SADS in parliament [here](#)

Parliament Website: <http://www.parliament.uk/about/>

Government:

Responsible for running the country by implementing policy and drafting laws various sections of the UK government can help to prevent SADS occurrences. see our own sections relating specifically to SADS [here](#) .
