

## Setting up a SADS UK Memorial Justgiving page

All you have to do is follow the simple steps on the link below and the page will be set up for you. This way friends and family can sponsor you/donate in memory of a loved one and leave a message if they wish. You can also add updates and photos to the page and write a short piece about why you are supporting SADS UK.

## Set up a QR Code alongside your JustGiving Page

Once you have created your JustGiving page you can then link the QR code. Those wishing to donate can scan your QR code and the donation will go straight onto your page. See the link below for full instructions how to create your QR code.

You may like to join our SADS UK Facebook Group, Instagram and Twitter. It's a helpful way for SADS UK members to keep in touch with each other and see the many ways in which people raise awareness and funds for the charity. The group also enables members to share their experiences and support each other as well as find out about more about the work of the charity (please share this with members of your family and friends).

Here is the link to the groups should you wish to join us.
